

Good Day,

I hope that this email finds you well. My name is Heena Jeelani and I am a University Representative with Benedictine University's Moser College of Adult and Professional Studies. I was hoping to speak with someone in regards to our First Responder Program, which provides Iraq and Afghan War Veterans, as well as Fire and Police personnel with tuition benefits. The program covers 100% tuition costs for undergraduate student and 50% tuition costs for graduate students. These tuition benefits are separate from the GI Bill and any other Veterans Benefits that the prospective student may have.

The boundaries for this program have been extended to include all counties in Illinois. First responders may obtain their degrees in the following programs:

- Associate of Arts in Business Administration (A.A.B.A.)
- Bachelor of Arts in Management (B.A.M.)
- Master of Science in Management and Organizational Behavior (M.S.M.O.B.)
- Master of Business Administration (M.B.A.)
- Master of Public Health (M.P.H.)

I am attaching some basic information regarding the programs as well as the tuition benefits and frequently asked questions for our First Responder Programs, specifically for our veterans.

For additional information on our program please visit the following link: [http://www.ben.edu/programs/first\\_responder/](http://www.ben.edu/programs/first_responder/), or you can visit our Website at [www.ben.edu](http://www.ben.edu). The first responder link is located under the Academic Programs tab on the homepage (green tab located on the top left of the screen).

I really am passionate about this program and would like to be able to help any First Responder receive a quality education, so if I can work with you and your organization in any way to help a First Responder receive this education that they deserve, I would really appreciate it.

I truly appreciate your time and look forward to hearing from someone soon!

God Bless,

Heena
